

Important Notes

1. The BCOM Joyful Retirement MPF Scheme ("Scheme") is a registered MPF Scheme.
2. Investment involves risks and not all investment choices available under the Scheme would be suitable for everyone. There is no assurance on investment returns and your investments / accrued benefits may suffer significant loss.
3. The BCOM Guaranteed (CF) Fund in the Scheme is a capital and return guaranteed fund. Where participation to this constituent fund is less than 60 months, the repayment of capital and return on investment are not guaranteed and the withdrawal values are fully exposed to fluctuations in the value of the constituent fund's asset. The Bank of Communications Co. Ltd., Hong Kong Branch is the guarantor to this constituent fund. Your investments are therefore subject to the credit risks of the guarantor. Please refer to the sub-section "3.2 BCOM Guaranteed (CF) Fund" under the sub-section "3. Statements of investment policies" under the section "III. FUND OPTIONS, INVESTMENT OBJECTIVES AND POLICIES" and Appendix 1 to the MPF Scheme Brochure of the Scheme for details of the guarantee features and guarantee conditions.
4. You should consider your own risk tolerance level and financial circumstances before making any investment choices. When, in your selection of constituent funds, you are in doubt as to whether a certain constituent fund is suitable for you (including whether it is consistent with your investment objectives), you should seek financial and / or professional advice and choose the constituent fund(s) most suitable for you taking into account your circumstances. In the event that you do not make any investment choices, please be reminded that your contributions made and / or benefits transferred into the Scheme will be invested into the MPF default investment strategy ("DIS"), and the DIS may not necessarily be suitable for you.
5. You should consider your own risk tolerance level and financial circumstances before investing in the DIS. You should note that the BCOM Core Accumulation Fund and the BCOM Age 65 Plus Fund may not be suitable for you, and there may be a risk mismatch between the BCOM Core Accumulation Fund and the BCOM Age 65 Plus Fund and your risk profile (the resulting portfolio risk may be greater than your risk preference). You should seek financial and / or professional advice if you are in doubt as to whether the DIS is suitable for you, and make the investment decision most suitable for you taking into account your circumstances.
6. You should note that the implementation of the DIS may have an impact on your MPF investments and benefits. You should consult with the Approved Trustee if you have doubts on how you are being affected.
7. Please do not invest based on this document alone. For further details including the product features, investment policies, investment objectives, charges and risks involved, please refer to the MPF Scheme Brochure of the Scheme.

⁵ Risk inherent rating is defined using a 6-point risk scale as 1 = Little risk, 2 = Relatively low risk, 3 = Low risk, 4 = Medium risk, 5 = Relatively high risk, 6 = High risk. Risk inherent of each constituent fund is determined by the investment manager of the corresponding constituent fund or the investment manager of underlying APIF of the corresponding constituent fund (as the case may be) while BCOM Finance was appointed by BCOM Trustee to determine the risk inherent of BCOM HSI Tracking (CF) Fund. Corresponding risk inherent rating of each constituent fund is assigned by BCOM Trustee based on the above-mentioned risk inherent of each constituent fund. Should there be any change to the risk inherent of any constituent fund by the above-mentioned investment manager or BCOM Finance, BCOM Trustee will update the corresponding risk inherent rating accordingly.

Risk inherent and corresponding risk inherent rating are provided for reference only. You should consider your own risk tolerance level and financial circumstances before making any investment choices. When, in your selection of constituent funds, you are in doubt as to whether a certain constituent fund is suitable for you (including whether it is consistent with your investment objectives), you should seek financial and / or professional advice and choose the constituent fund(s) most suitable for you taking into account your circumstances.
