**'BCOM MPF' Member Benefits Seminar 2011**  
Members Enjoyed the Seminar with Significant Response

We always endeavor to strive for outstanding investment performance and after-sales services to our MPF members. An evening seminar was held at The Kimberley Hotel in July for our existing MPF members with encouraging responses. All participants enjoyed that night so much and appreciated the fruitful sharing. They would like us to organize similar events in the future.

The seminar was focused on MPF Portability Scheme, factors consideration during MPF fund selection and the latest BCOM MPF services enhancement. It also acted as a chance for members to voice out their comment via interaction. All the above successfully strengthened our communication with members.

We welcome all members to participate our Member Benefits Seminar. Members can call 2905 8779 / 2905 8752 for any enquiries and make early reservation, or pay attention to our further announcement.
